### **The Hate You Give**

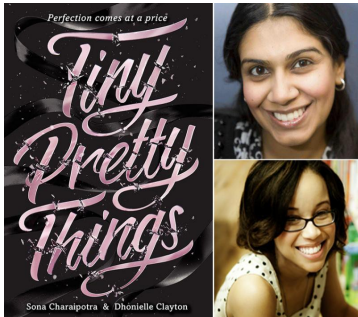

**by Angie Thomas - CALL# FIC THO**

Starr witnesses her childhood best friend get shot and killed right in front of her eyes by a policeman. She knows that he was innocent and that the police killed him for no reason other than that they were prejudiced against him. As the story gains national attention, Starr is the differing opinions of the two worlds that she lives in: her mostly-black home and her mostly-white peers at school. She is also faced with the question: Should she stay under the radar and be safe or stand up for her friend and face danger?

### **Dread Nation**
