HIGH SCHOOL STUDENT BOOK REVIEW

CALL NUMBER: FIC RYA
SUBJECT: SCIENCE FICTION

OVERVIEW

Vee, an introverted high school senior, has lived her whole life in the shadow of her outgoing bestfriend Sydney. She comes out of her box and enters an online game called nerve, where people are given rewards for completing dares. The dares get harder and harder for shy little Vee to complete but after partnered with Ian, who is both gorgeous and daring they work together to climb their way up the leaderboard.

Will they risk their lives and futures to make it to the grand prize round? Or will she take the safe route and go back to her old ways.

REVIEW

This is one of my favorite books because there is never a dull moment. Not to mention the complexity of the genre, in which we find romance, thriller, and we learn that it is okay to step out of our comfort zones once in a while.

Why I love this book: This book shows another side of the teenage experience. A smart teenage girl, Caitlin, falls for bad boy who physically abuses her. We see her struggle and try to empower herself.
